Interior Moulding and Door Combinations
SOUTH EAST REGION

INTRODUCING

METRIE
option 

Curated to bring style home.™

It's for those with Pinterest boards named Beachy Keen and Casa Couture.
It's trim, doors, and wall and ceiling treatments that reflect the trends of today,
for those who live in the now. Option {M}® has the room accents to give Shabby Chic its relaxed,
casual attitude. And the finishing elements to help you tell your Bohemian story.
Option {M} refreshes often – with both modern looks and standards that will stay around
for a while. So turn all those photos and pins into reality, and watch
as your room becomes the one everyone starts sharing.

METRIE option

The most popular trends,
reimagined by our top designers.

We deconstructed these on-trend styles to understand the inspirational elements – a swatch of fabric, a memorable photo, stunning artwork, patterns and antique furnishings. Then, we paired them with Option {M}[®] interior finishings – moulding and interior door combinations that make it easy for you to find your design voice, and bring your room to life.

Go with our combinations,
or mix and match your own.

These rooms were designed to feature popular décor styles. Flip through our pages and explore your options, because with Option {M}, any look is possible.

6 bohemian

Colorful fabrics. Persian rugs.
Photos from your last jaunt to Europe.
You're a free spirit and your home is
your canvas. There are no rules in this
uninhibited décor style – you wouldn't
follow them anyway.

12 country

Embrace the comfortable style
and slower pace of rural life. Natural
wood grains and hand-woven textiles
settle in with bright whites and
vibrant reds to create fresh looks
with generational character.

18 modern farmhouse

Balance the busy day-to-day with
simple, organic elements to create
a down-home feeling. Be inspired by
rustic charm even if you don't have
to wake up at the crack of dawn.

24 vintage industrial

Bring together the old and the cool.
History is not lost in this space, it's
repurposed – exposed brick, uncovered
metal structures and I-beams. These
elements become design features in
this modern, urban style.

Multiple curves and concave features converse with ornate Moroccan patterns and earth tones for a Bohemian style that speaks with an accent. The sharp moulding detail on the ceiling draws your attention upward, while the curves of the crown moulding add to an eclectic feel.

bohemian all ceiling heights

The moulding profiles in this combination include sizes suitable for all ceiling heights.

Carrying the baseboard and crown moulding across the built-in bookcase unifies a space that exudes individuality.

recommended interior doors

When planning your Bohemian room, consider doors with a two or three-panel design. Doors with arches that mirror the curved details of the moulding profiles for a cohesive feel, or something bold that show your adventurous side.

2 PANEL ARCH-TOP / PRINCETON

3 PANEL TEXTURED / AVALON

country

Folksy and friendly, this design is for those that prefer roadside stands to supermarkets.

This well-loved dining and gathering space wouldn't be complete without the addition of wainscot moulding and cap used to display collectibles. Characteristically casual and cozy, this space is all about comfort. The dark gray walls create a bold yet warm contrast to the painted moulding, which helps to highlight heirloom furnishings like the red hutch.

country all ceiling heights

The moulding profiles in this combination include sizes suitable for all ceiling heights.

recommended interior doors

When planning your Country room, consider a sturdy interior door that combines strong vertical lines with a simple Shaker wood design. This minimalist style perfectly complements the aesthetic of Country mouldings, colors and character.

modern farmhouse

Rustic accents bring a lived-in, relaxed feel to any room with down-home virtues.

THERE'S
NO
TRADITION
LIKE
A FAMILY
Tradition

Clean lines with minimal details merge contemporary with rustic to create a look that adds texture without taking away from the pure simplicity of the modern farmhouse design. The butcher block countertop is a nod to when farm-fresh ingredients were prepped the old-fashioned way, and crown mouldings and window treatments enhance the crisp, yet rustic style of the space.

modern farmhouse all ceiling heights

The moulding profiles in this combination include sizes suitable for all ceiling heights.

The trim at the top of the wall helps create definition between the wall and ceiling and unifies the other fixed elements in the space.

recommended interior doors

When planning your Modern Farmhouse room consider an interior door with strong vertical lines that evoke a modern, yet timeless style. Single or two-panel designs with sturdy, geometric architecture pair well with sliding hardware to hitch rustic and modern together.

vintage industrial

Heavy-duty materials provide a cool, modern touch
in a look that's built to last.

THE
Original
IS ALWAYS WORTH
MORE
THAN *The* COPY

Exposed brick, leather and concrete create a sleek, modern aesthetic. Bold, clean lines paired with sharp angles provide a smooth, yet rugged feel. The lack of window treatments speaks to urban living, inside and out.

vintage industrial high ceilings (9' and above)

The moulding profiles in this combination include sizes for both high and standard ceiling heights.

The high ceiling profiles featured here are perfect for higher, more dramatic ceilings and walls typically found on the main floor or main living areas of your home.

The unadorned trim finishes the space and revitalizes a vintage foundation without overshadowing the original elements.

vintage industrial standard ceilings (9' and below)

The moulding profiles in this combination include sizes for both high and standard ceiling heights.

The standard ceiling profiles featured here are designed for smaller, more traditional rooms that are often found on the second floor of your home.

recommended interior doors

Thick, solid doors with square and rectangular lines provide the ideal Vintage Industrial transitional element. Use sliding hardware to complete the industrial theme.
